EXPLORE

WELLNESS BEYOND FOOD™

Tall Tails supports the foundation of a healthy & active lifestyle with your pet. Whether they're sleeping, playing, or exploring, Tall Tails helps dogs be the best versions of themselves. From the comforts of home to the neighborhood trail, Tall Tails is part of the adventure.

WE BABY YOUR PET™

Founded in 1933, our company started manufacturing newborn bedding and apparel. We have been privileged over our 90+ years history to have the trust of millions of parents and families bringing our products into their homes. Always having a passion for our pets, in 2013 we created a line of pet products under the same formula we had for baby: build trust; a commitment to quality; give back to the community; and exceptional customer service. As it turned out this was exactly what pet parents were in search of.

As a family business, we focus on independent pet retailers and do not sell to e-commerce giants or big box retailers. We commit to listening, innovating, and executing to add value to our distributor and retail partners as well as our local pet communities.
